Serial No. : 08/939,289 Art Unit: 3737  
Filed : September 29, 1997 Examiner: R. Smith  
For : LYSIS METHOD AND APPARATUS

November 23, 1999

**SUPPLEMENTAL AMENDMENT**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Further to the Amendment dated September 27, 1999, please amend the application as follows:

**IN THE CLAIMS:**

Please add new claims 42-52 as follows:

27 42. A method of applying therapeutic ultrasound to a location within a body, comprising: activating a transducer to produce ultrasound at a pulse repetition period of  $T \leq 1000$  milliseconds and directing this ultrasound to a location within a body; initiating cavitation at the location within the body by applying a first amount of power to the transducer, then reducing the power supplied, while maintaining cavitation.

**Certificate of Transmission (37 C.F.R. 1.8)**
